Specialist	1 - 3	2.0 - 6.0
Team Lead	2 - 4	3.0 - 7.0
Strategist/Analyst	3 - 5	4.0 - 10.0
Digital Marketing Head	5 - 10	10.0 - 30.0

For professionals with exceptional educational qualification (e.g. from IITs/IIMs), with highly relevant work experience and with mastery of digital marketing, high growth start-ups, large corporations & platform companies such as Flipkart, Amazon, Google, Facebook, LinkedIn offer as high as Rs. 1 crore salary as well.

12. Will I be able to clear Google AdWords & Analytics Certifications & HubSpot Inbound Marketing Certification, if I participate in CDMM?

Yes, as mentioned earlier, participation in this digital marketing course will help you prepare & pass 5 of the Google AdWords Certifications and Google Analytics Certification along with HubSpot Inbound Marketing Certification through our relevant core and specialization modules.

As shared earlier, you will also get certifications from Facebook and LinkedIn on successfully completing respective modules.

13. Why did you choose the online medium for delivery?

We could have easily offered this course in a classroom environment like a typical internet marketing training institute. We've been successfully organising instructor-led, online courses for more than 12 years. Here's the list of key benefits of our delivery format:

- a. You will never miss any of your live sessions even if you are travelling
- b. In case you miss any session, you will get the recording
- c. You will save a lot of precious time and money, which otherwise would get wasted in 100+ hours of travel
- d. Attend from the comfort of your home, office or any other place
- e. You will always be connected with your fellow participants and program leaders through an exclusive LMS (Learning Management System) for any kind of support
- f. You will learn from the variety of experiences of your fellow participants based in different locations
- g. You will get the Best possible learning as over 20+ digital marketing industry experts will take your batch

That's why we've **61000+** of participants from across the world including India (Delhi, Gurgaon, Bangalore, Mumbai, Chennai, Hyderabad, Noida, Pune, Kolkata), UAE (Dubai), South East Asia (Singapore, Malaysia), Africa, USA & Europe participating in around 55 batches at any point of time.

For the same reasons, some of our corporate clients have opted to do the online training for them. E.g., we've trained Fidelity India's team through an instructor-led, online course on Digital Marketing.

Still not sure? Attend our upcoming [Digital Marketing orientation session](#) and you will fall in love with Internet Marketing, Digital Vidya and our Online Delivery format :). 14. **Can I offer Digital Marketing services as a freelancer after doing this digital marketing course?**

Yes, you can choose to be a freelancer and offer digital marketing services to clients. In order to become a freelancer, you will surely need to learn digital marketing even more seriously than your fellow participants as you'll have a lot of responsibility on your shoulder when you do it for someone else.

As you would have read earlier, we have a special module on 'Selling digital marketing services' for the same purpose. We have a number of our digital marketing certification alumni, who are successfully offering services to their

clients. Some of them have even started their own agencies and are doing really well.

15. Can I earn money as an Affiliate Marketer after doing this course?

In addition to full time, part-time paid internship or freelancing opportunities, you can earn money in digital marketing by becoming an affiliate marketer. As an affiliate marketer, you promote other products/services or advertise through your own blog or a website.

Unlike a few other Digital Marketing training institutes, we don't want to mislead you by showing a dream, which can't be fulfilled. Earning a lot of money as an affiliate marketer is possible but requires a significant amount of time, patience, skill and even luck. If it were so easy then we would have hired people and trained them to do that for us :).

16. Can you please share more about your partnership with Google & Microsoft India?

Google India has 2500+ partners, which are brands or agencies, who fulfil certain criterion such as spending a certain amount of budget on Google AdWords. These partners include Premium Partners, who spend even higher budget on Google AdWords.

However, the partnership Digital Vidya has with Google India is different. Digital Vidya is the only Digital Marketing Institute, which is a Digital Marketing Training Partner for Google Partners Academy in India. We train their partners (as mentioned above) through a variety of Digital Marketing training programs.

There are over 15 of our lead trainers, who are part of this association and these trainers lead different modules of our CDMM program.

Similarly, we've trained Microsoft's partners (i.e. companies which sell Microsoft product & solutions) to help them learn and leverage Digital Marketing. That's the reason why participants of our program get extremely high value in our Digital Marketing course.

17. Share about your partnerships with Facebook & LinkedIn

Facebook Marketing especially Facebook Advertising has significantly grown. In order to cover various aspects of Facebook Marketing in a practical approach, we partnered with Facebook to co-create a Facebook Marketing course, which is now part of CDMM program. On successful completion of this course, you will get a joint certification from Facebook & Digital Vidya.

Similarly, we partnered with LinkedIn to co-create a Content Marketing course, which will enable you to get a joint certification from LinkedIn and Digital Vidya as part of the CDMM program.

18. I am not an Engineer and don't know Programming. Will I be able to do this Digital Marketing course?

You don't need to know technology at all or come from an engineering/technical background or be an MBA to be successful in digital media. The maximum you need to know is HTML, which takes around 2 hours to learn and we will take care of that in the CDMM program.

19. I am a Sales Professional with 5+ years of experience. What are the benefits of learning Digital Marketing for me?

Sure. Sales & Marketing professionals are the largest community of people who participate in our CDMM program. There are a number of reasons for a Sales Professional to acquire digital marketing skills:

- a. Grow in your existing profile and differentiate among your peers by leveraging digital marketing for sales objectives such as lead generation, lead closure and relationship building.
- b. Join a digital marketing agency in a business development role
- c. Expand your profile by playing a role in the marketing function of your organization.
- d. Build a personal brand using digital marketing
- e. Make money through freelancing or by becoming an affiliate marketer
- f. Realize your entrepreneurial dream if you aspire to be an entrepreneur

20. I am a Marketing Professional with 5+ years of experience. Should I learn Digital Marketing?

Frankly speaking, you don't have a choice but to learn digital marketing if you

want to stay in a marketing role. With the growing contribution of digital marketing, marketing is becoming integrated and every marketing professional (including PR/Media/Content) is expected to know it.

21. I am a Digital Marketing professional with experience in SEO/SEM/Social Media Marketing. Should I do this course?

Anyone who wants to grow faster and to top positions in digital marketing should have knowledge and experience of various facets of digital marketing especially SEO, SEM, Social Media Marketing, Email Marketing, Inbound Marketing and Web Analytics. Based on the gap between these areas and your current knowledge, you can choose to join specific modules or do entire CDMM program.

For the same reason, ~8% of CDMM participants are digital marketing professionals.

Refer below question or this article about '<https://www.digitalvidya.com/blog/learn-digital-marketing-vs-seo-social-media-marketing-sem/>?' for further clarity.

22. Should I only learn SEO, SEM, Social or everything in Digital?

Yes, you should master various aspects of digital marketing vs acquiring skills in specific areas. There are a number of reasons:

- a. These skills are interconnected. For e.g., if you don't know Social Media Marketing, you will not be able to produce the best possible results through SEO
- b. If you want to rise up to Digital Marketing Head role, you will be expected to have experience in various areas of Digital Marketing.
- c. Given the dynamic nature (i.e. there's continuous variation in demand for various skills), you run a risk of career stagnation if you don't learn various digital marketing areas early in your career.

23. I am a non-Marketing professional with up to 2-3 years of experience. Can I build a career in Digital Marketing?

Yes, it's possible to switch your profile to digital marketing if you don't have too many years of experience. Even if it means taking a cut in your 1st salary in digital marketing, you should be up for it considering the long term career growth

both in terms of monetary and work profile.

24. I am a non-Marketing professional with 5+ years of experience. Why should I learn Digital Marketing?

If you are a non-Marketing professional (e.g. Finance, Operations) with significant experience, you should not look at positioning yourself as a digital marketing professional as you would be considered a fresher in the digital marketing industry. Instead, you should look at following benefits of learning digital marketing:

- a. Build a personal brand using digital marketing
- b. Make money through freelancing or by becoming an affiliate marketer
- c. Realize your entrepreneurial dream if you aspire to be an entrepreneur
- d. Also, explore the possibility of playing a role in the marketing function of your organization to expand your profile

25. I am a Web Developer/Designer with 5+ years of experience. Why should I learn Digital Marketing?

As a Web Developer/Designer, your contribution towards your organization will significantly grow if you know digital marketing. The knowledge of digital marketing is already expected from a Web Designer/Developer in many organizations. Acquire these critical skills before it's too late.

The other benefits as listed above include building a personal brand, making money and realizing the entrepreneurial dream.

26. I am an HR Professional with 5+ years of experience. Why should I learn Digital Marketing?

Organizations are already using digital media for fulfilling HR objectives such as recruitment, employer branding & employee engagement. If you are an HR professional and want to stay ahead of your peers, go learn digital marketing before it's too late.

The other benefits as listed above include building a personal brand, making money and realizing an entrepreneurial dream.

27. I am an IT Professional with 5+ years of experience. Why should I learn Digital Marketing?

A significant % of IT projects today are about Digital Transformation or involve digital media. As an IT professional, your knowledge of digital media will be valuable for your organization and can help you differential among your peers to stay ahead of technology trends.

The other benefits as listed above include building a personal brand, making money and realizing an entrepreneurial dream.

28. I am a Student in the 2nd year of my graduation. Should I learn Digital Marketing now?

If you are looking at building a successful career in Digital Marketing, the earlier you acquire digital marketing skills, the better it will be for you. As a student, you are anyways spending a significant amount of time on Digital Media. How about making this time directly contributing to your career growth.

We are sharing this based on our experience with even IIM graduates, for whom we'd organized a digital marketing program. Those who were part of it got many more interview opportunities than their peers who missed attending that digital marketing program.

29. I don't know anything about Digital Marketing. Will I be able to successfully complete this digital marketing course?

Yes, we don't assume that you have any prior knowledge of digital marketing. Through various modes & stages of the training program, we ensure that our participants with varying degree of knowledge about digital marketing successfully master all aspects of digital marketing to fulfil their desired objectives.

30. How can I register into the CDMM program?

You can register into CDMM through your preferred mode of payment - credit card, cheque or NEFT. Choose the preferred batch (weekend or weekday) and [register online](#).

31. Does Digital Vidya not have an option for a degree or diploma in digital marketing?

There are many universities that offer a degree in Digital Marketing to the extent of rewarding their students with MSc or MBA in Digital Marketing. The greatest focus of these courses is either on the creative aspect of Digital Marketing or it is just many hours of theory. However, our digital marketing classes are designed in a manner that makes you job ready while you are far ahead of any graduate from a digital marketing college. All this is achieved in a shorter period of time and with less money invested. This is mainly because of our industry-relevant content, and the expertise of our trainers in their respective niche. Our focus is not on rewarding students with a Master's in Digital Marketing degree, rather it is on producing masters of digital marketing who are ready to succeed.

32. Do you also offer customized Digital Marketing training program for an Organization?

Yes! We've already conducted over 250 customized digital marketing training programs for various Organization such as Accenture, SAP, Oracle, Cognizant, Wipro, GE, EY, Cisco, Philips, Reliance, Tata Motors, Citibank, Intuit, Dabur, Dr Reddy's and Institutions including IITs & IIMs since 2009.
